25X1 On 22 October 1952, about 10 T-34 tanks and an undetermined number of JS tanks were being maintained in, and in front of, the garages of the Jaeger Kaserne in Luebben (N 52/A 29) and east of the railroad station. Numerous officers and soldiers wearing red-bordered black epaulets with artillery insignia and black-bordered black epaulets were seen in the barracks installation. A railroad official said that the troops were at the Weisswasser troop training grounds during the summer and returned with tanks on a total of 10 troop trains. Trucks

25X1B were identified driving to the installation.1

25X1A. Comment. The information indicates that the 91st Tank Regt of the 9th Mecz Div returned to its military post in October. The departure from Weisswasser of the division started on 4 October.
